

30th August 2016

Attention: To Whom it may concern

Dear Sir or Madam,

SUBJECT: MAREX SUBSEA WELDS

J&P-AVAX S.A. subcontracted Marex Subsea welds to undertake the following scopes of work:

Scope 1 : Subsea Welding/Fitting of Anodes - AWS D3.6M:2010 Class B

Marex were requested to carry out fitting and welding of 279 anodes in approximately 99 piles.

Marex prepared all the welding documentation and diving plan. Qualification was requested to AWS D3.6M:2010 Class B, however Marex achieved Class A.

Scope 2 : Wrapping/Painting of Subsea Piles

Marex were requested the subsea painting with Premier Coating jackets as well as touch up of piles. Cavitation cleaning was used for the extended cleaning of piles, fulfilling all the necessary environmental prerequisites of both Employer, Port Authorities and EPC Contractor.

Scope 3: Application of Geotextile

Marex were requested the application of non woven geotextile (1.600,00m²) for the revetment works.

Throughout all the scopes Marex were found to be highly professional and knowledgeable in the sphere of welding. They were also very cooperative in all aspects of the operation and provided a service to the highest quality.

J&P-AVAX S.A. would have no hesitation in utilising their services for future campaigns.

For any additional information, we remain.

Yours Faithfully

For and On behalf of:

J&P-AVAX S.A.

V. A. Grapsas
QA/QC Manager
